

BAY4BIO

PRESS CREDENTIALS REQUEST

Media registration for BayBio events is complimentary for credentialed members of the news media. Advance registration is required. Advance media registration closes one week prior to scheduled event time.

Only reporters and editors working full-time for print or broadcast news organizations may register on site with valid, current media credentials (i.e. official picture identification from the employing news organization). Without proper, approved credentials, on site media registration will be denied. We reserve the right to limit the number of admission approvals from the same publication or news outlet. We reserve the right to limit media access to some of our events due to space and security concerns.

Marketing, public relations executives, analysts, consultants, authors, and researchers may not register as media.

Please complete and e-mail this form to Travis Blaschek-Miller, at travis@baybio.org. After we have received and reviewed your information, we will contact you regarding the status of your request for press credentials.

Publication Name: _____

- | | | | |
|------------------------------------|-------------------------------------|-------------------------------------|--------------------------------|
| <input type="checkbox"/> Magazine | <input type="checkbox"/> Newsletter | <input type="checkbox"/> Television | <input type="checkbox"/> Other |
